Rajan Iyer | Production Planning Lead

March 2026

Facility 3 Commercialization

UID: PF-2026-03-00512

STRONG EXECUTION MONTH WITH A GAP IN STRUCTURED THINKING

71 ↑ +7 Ahead of Plan V2

What I Delivered

Rajan delivered his strongest month...
(3–4 lines narrative)

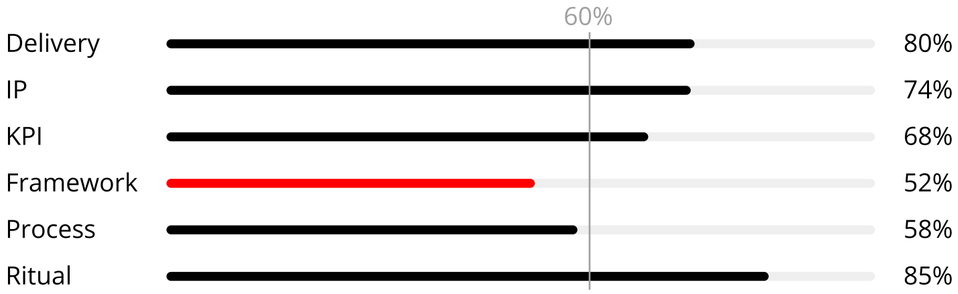
16 / 20 Completed

7 Original Contributions

- Process validation breakthrough
- SOP adopted across organization
- Yield optimization improvement

How I Grew

Execution is strong, but structured problem-solving remains a gap.



KPI Impact

3 / 5 targets achieved

Batch Success Rate → 88% (Target: 92%) ❗
Reason: Cleanroom particulate issue (HEPA failure)

Equipment Qualification → Exceeded
SOP Approval → Exceeded

What Slowed Me Down

8 constraints identified, 5 resolved

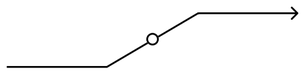
Key blockers:

- Vendor delays (HEPA filter lead time)
- Lab turnaround delays
- Missing shift supervisor

Where I'm Headed

On track for early promotion

Next Level: V3
Projected: Feb 2027



Key gaps to close:

- Framework application
- Process discipline
